## Equafleece®

Welcome to the Equafleece® catalogue for 2024/25.

More and more people realise that dogs, especially very young, elderly or thin coated dogs, feel the cold and hate the rain just as much as people and horses do. Our fleece products are warm, light weight, easy to wear, machine washable and, if that isn't enough, 100% rainproof when worn close to the body. All our fleece garments are British made.

### About Our Fleece -

Our fleece garments are made of Polartec® high performance polyester fleece of the same grade and quality found in advanced technical mountaineering wear, and is made from 100% recycled plastic.

Fleece is undoubtedly the best wicking medium and it's this wicking action that continually blocks the rain while still drawing away excess heat and moisture. It is much warmer and more durable than wool and thermal cotton, is machine washable and tumble dries.

### Sizing, Colours & Useful Information -

Please refer to pages 31, 32 and 33 for our colour chart and full details on how and where to measure. You can watch a video to explain this fully on our website under **HELP > Sizing Guide**. If you need any help or advice please give us a call on 01822 820550 - we are more than happy to help!

### Our News -

After 25 years, Equafleece has proudly become Employee Owned.

Due to popular demand we have introduced a whole new range of **Dachsie Suits** as well as re-introduced our beloved **Dog Coats** with the front fastening.

We have added **3 new fleece colours**: Petrol, Denim Blue and Lavender, as well as **4 new summer suit colours**: Red, Pink, Dark Green and Aubergine.

We have added **more sizes** to our off-the-shelf range - the Curvies, the 16 Frenchie and the 40 & 43 dog suits. The full listing of shows we will be attending is on our website.

As always, we love receiving photos\* of your dogs in their Equafleeces to [pix@equafleece.co.uk](mailto:pix@equafleece.co.uk) or to our Instagram & Facebook pages. A massive thank you to all of you who supplied gorgeous pictures of your lovely dogs, the next brochure will include as many in it as possible.

**Thank you again for your continued support, we know you are the best!**

From us all at Equafleece

\* We assume that any pictures sent to us may be used for marketing purposes.

It will also dry off a chilly, wet pooch in record time.

## Summer Suits

The **Summer Suit** is ideal for our typical wet English summer weather, but also perfect in winter for dogs that don't need a thermal layer.

Made from a technical fabric of 89% supplex and 11% lycra, similar to the look and feel of cotton T-shirting but wicking and with a really good degree of water-repellence.

Not 100% rainproof but definitely **showerproof** and more importantly **100% mudproof**. The Dachsie sizes are designed specifically for Dachshunds with short sleeves.

Originally designed as a **tick suit**, this garment is meant to be more fitted without being tight. As a result, it won't be a problem if your dog happens to briefly take to the water, though it is certainly no wetsuit!

*Mint Green T-shirt Suit*

Similar to our Polartec® Dog Suit in design, covering the dog except for the genital area with a small collar and shortened sleeves.

Made with our quality t-shirting fabric, the T-shirt Suit is ideal as a lightweight barrier for allergies, keeping post operative dressings in place and for keeping stray dog hairs to a minimum when staying away from home.

Made from 93% cotton and 7% elastane.

## T-shirt Body

How cool do you feel in a wet T-shirt? The same will apply to your dog on a hot day. Applied damp or wet, it will reduce your dog's body temperature.

Brilliant for dogs with rashes/allergies, alopecia and for keeping post-operative dressings in place.

Also used extensively by TTouch canine behaviourists as a protective portable hug to calm your dog when anxiety strikes - for instance during thunderstorms and firework displays.

Made from 93% cotton and 7% elastane so comfortable, soft and maintains its shape.

## Dog Shorts

These fabulously comfortable shorts, shaped like a back-to-front nappy, have a variety of uses. Incontinence, urinary infection, in season, the list goes on. Insert a panty liner or sanitary pad to isolate drips and smells.

Made from 93% cotton and 7% elastane (spandex) to maintain shape.

The Dog Shorts fasten with two wide velcro tabs and adjustable elastic around the legs.

## Zip down the back

A zip can be added to a **Dog Jumper, Suit & Tankie** and can only be ordered over the phone. The zip opens as far as the Equafleece label and are super comfortable with a wide zip flap to stop any hair catching, and a joy for the very stiff or arthritic dog to put on.

If you haven't ordered for your dog before, we always advise you try the garment for size first to ensure it is a perfect fit, then send it back to us for the zip to be added. A zip can be added at any stage to both new and old garments.

*Red Suit with Zip*

To put on:

- Unzip the back and place the fleece on the ground,
- put the hind legs in position first,
- tuck in the tail and pull it up onto the hips,
- slot the front legs in the holes/sleeves & pull up to the shoulders,
- bring both sides together along the spine and pull the zip up.

### PLEASE NOTE

Zips are not necessary for young active dogs as Polartec® fleece is very stretchy. Garments with zips are bespoke and cannot be refunded or exchanged if the size is incorrect.

## Freddie showing the best fit for a Dog Suit

### Freddie in the 18/20 slim - Perfect Fit

The back length comes just to the start of the tail and the sleeves are in the right position for movement.

This is the ideal width with a few wrinkles around the chest showing there is a little spare room for comfort.

### Freddie in the 16 standard - Too Small

The back length is too short exposing his bottom. It is too tight at the top of the back leg - this will cause discomfort and eventually tear.

The chest is fitting too snug which would restrict movement and be uncomfortable.

### Freddie in the 22 Slim - Too Big

The back length is too long over the tail and probably covers his willy underneath.

The chest is too saggy shown by the excess fabric gathering through the body.

The same fit also applies to the jumper and tankie.

# Sizing your dog

## How to find your dog's size:

1. Take the 5 measurements as shown in the diagram and jot them down below.
2. Input the measurements into the online sizing calculator.
3. If no match is found - email the measurements to us at [sizing@equafleece.co.uk](mailto:sizing@equafleece.co.uk) or call us on 01822820550.

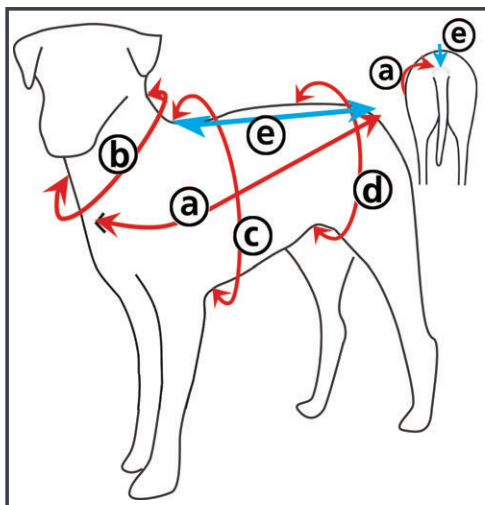

## Your dog's measurements:

- a. .... Length
- b. .... Neck
- c. .... Chest
- d. .... Waist
- e. .... Backbone

**\*Note whether they're in cm or inches - don't mix\***

## Measuring Tips!

1. Take the measurements close to the body, flattening the dog's fur with no gaps.
2. If you don't have a fabric tape measure, you can use string and a builder's tape measure.
3. Keep your dog standing straight without them hunching, bending or sitting.
4. The A measurement should always be longer than the E measurement.
5. Start the E measurement from just above the shoulder blades, without including any of the neck.
6. Check whether your measurements are in cm or inches - the calculator is sensitive to this.
7. Follow our how to measure video on our website.

**(a) Length** - from the centre of the breastbone, around the shoulder diagonally up to the base of the tail.

**(b) Neck** - around the neck, halfway down where a collar would sit.

**(c) Chest** - around the deepest part of the ribcage behind the front legs.

**(d) Waist** - around the narrowest part of the body in front of the back legs.

**(e) Backbone** - from the base of the neck, along the spine to the start of the tail.

If you need any advice or would prefer to chat through the measurements over the phone, please call us on **01822 820550** - our phone lines are open 9am-4pm, Monday to Friday.

You can also email us: [sizing@equafleece.co.uk](mailto:sizing@equafleece.co.uk) with the measurements, and we will get back to you within one working day. Make sure to double check your spam and junk folders incase our reply ends up here.

## Equafleece sizing fits more dogs:

We make far more dog coat and jumper sizes than anyone else we know - from Chihuahua to Great Dane and everything in between.

If needed, we can also do made to measure which carries an extra charge of between £10 and £20.

Our amazing, knowledgeable customer service team can advise on the information provided either via email or over the phone.

## Dispatch:

We aim to hold stock of all items in this brochure and to dispatch orders the next working day from ordering. Items that are not in stock are not available to order online.

If an item is out of stock, you can call us to backorder. We aim to manufacture and dispatch backorders within three weeks. We endeavour to let you know if for any reason we do not expect to meet this deadline.

In all cases, payment is taken at the time of ordering.

## Delivery:

Free UK delivery is on Tracked Second Class Royal Mail service. For an additional charge we can despatch by Tracked First Class for £2.50 or Special Delivery for £7.50.

If your order fails to arrive after 10 working days, please contact us and we will investigate for you. Non-delivery must be reported within 28 days of despatch.

## Returns:

As the customer you have the legal right to return any goods within 30 days of receipt for replacement or a full refund provided the **goods are in resaleable condition** (not worn outside). We are happy to accept goods outside of this time limit.

We cannot exchange or refund items that are dirty, smelly, hairy, or that have been washed or brushed. If items are not returned in as-new condition, a cleaning charge will be applied.

Whilst we cover the cost of all outgoing post, all return postage is paid by the customer - tracked delivery is advised. Please keep your Post Office receipt/Proof of Posting.
